

VAR Compact - double door

The complete closed waste collector for the outdoor- and inner area, for 120 l. waste sacks. The compact - double door is made of galvanised sheets with a fixed bottom and a metal lid.

The device is fire-proof because of the used materials.

A quick exchange of the waste sacks is unproblematic because of the double swing door.

The compact - double door is in eight colours available, with an high quality powder coating (Art.-No. see back side), packed in cartons. Filling port D ca. 395 mm.

As accessory is a race (Art.-No.1155) with four rolls and plastic sacks,120-l (Art.-No. 1121) available, packing unit (VE): 250 pieces.
