

**VAR INDUSTRY**  
**COMPACT JUNIOR**

THE COMPACT DEVICE FOR IN- & OUTDOORS, SUITABLE FOR 120 L GARBAGE BAGS

The compact junior is manufactured from electrogalvanized steel sheets. Corrosion protection is ensured due to a high quality coating on polyester basis. (Art.-No. 1001, hot-galvanized)  
Equipped with a galvanized clamp bar for the fixation of the bag.  
Due to the variety of possible colors (check back side for Art.-No.'s)  
For the outdoor area the hot-galvanized version offers a long-living, insensible surface.  
The articles no. 1000 (green) and no. 1009 (yellow) are delivered with plastic lids in their respective colors, the rest of the versions are delivered with a silver colored plastic lid.
