

COMPACT 70 L, WITH SINGLE LEAF DOOR AND COMPACT 120 L, WITH SINGLE LEAF DOOR

THE ROBUST STEEL DEVICE FOR THE OUTDOOR AREA

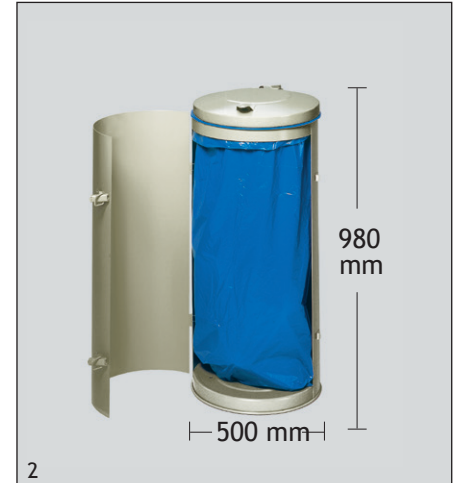

The compact devices are manufactured from steel parts and powder coated for an optimal protection or completely galvanized.

The single leaf door which opens forwards allows for a quick and simple changing of the garbage bags.

Filling ports:

70 l device ca. 350mm

120 l device ca. 390mm

Pic.: compact 70 l, green coated, Art.-No. 15111 Pic.: Compact 120 l, grey coated, Art.-No. 1520 & compact 70 l, hot-galvanized, Art.-No. 1519

Pic.: compact 120 l, green coated, Art.-No. 1523, with bottom support, Art.-No. 1809

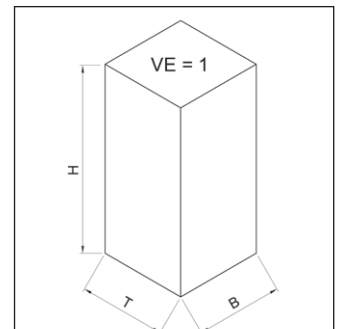

Pic.: compact 120 l, green coated, Art.-No. 1523, with standpipe, Art.-No. 1807

Equipment:

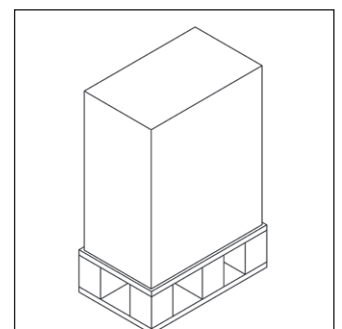

For a thief-proof installation with enough floor clearance we offer a hot-galvanized standpipe or a hot-galvanized bottom support with installation material.

Cleaning under the device is unproblematic due to the standpipe installation.

H x D x W (mm)	
compact 70 l	= 910 x 370 x 390
compact 120 l	= 1050 x 460 x 450
Garbage bags 60 l	= 170 x 285 x 375
Garbage bags 120 l	= 230 x 380 x 380
